## Annual Report

January 1, 2001 - December 31, 2001

I am pleased to submit the annual report of the Mississippi Department of Insurance.

This report has been compiled from the records of more than 1,800 insurance companies licensed or qualified to conduct the business of insurance within the State of Mississippi for the period January 1, 2001, to December 31, 2001.

This report includes the financial summaries, underwriting experiences and recapitulation of the insurance business written within the State of Mississippi. This report also includes licenses issued, taxes, fees and assessments collected from the insurance industry, and a brief summary of the duties of the Department. The Commissioner is charged with ensuring that all laws relating to matters under his supervision are faithfully executed.

Since being elected as Commissioner in 1975, my goal has been to make the Department more efficient and responsive to the needs of the general public while encouraging a fair and competitive market for insurance.

I, together with my staff, am very proud to be able to serve you, the people of Mississippi.

Respectfully submitted,

George Dale  
Commissioner of Insurance of the State of Mississippi

## Introduction

The mission of the Mississippi Department of Insurance is to impartially and fairly enforce the laws and regulations enumerated in Mississippi Code Ann. § 83-1-1 et seq., thereby creating a competitive marketplace for the sale of insurance products and services while providing the State's citizens with the maximum amount of consumer protection. Our goal is to create the highest degree of economic security, quality of life, public safety and fire protection for the State's citizens at the lowest possible cost. This is accomplished through a variety of initiatives, including the regulation of the insurance and liquefied compressed gas industries and development of statewide fire services. We are committed to providing assistance to Mississippians in an efficient and professional manner.

The following is a review of the activities of the Department, which continue to expand in many areas as we seek to accomplish our mission of creating an affordable insurance market for the state's residents. The chief performance objectives used to determine whether the Department is successfully carrying out its mission include independent statistical surveys of the number of people having access to insurance and related indicators of the degree of insurance affordability in the state.

In 2001, there were \$6.2 billion in direct premiums written in Mississippi, representing 9.2 percent of the Gross State Product of \$67 billion. The Department licenses and monitors the activities of more than 45,000 individuals who hold over 60,000 licenses. The Department monitors the solvency of 1,800 companies doing business in Mississippi, and consequently functions as a first line of defense against financial catastrophe resulting from the potential collapse of insurance companies.

The Department has a well-deserved reputation as being one of the hardest-working and most efficient agencies in state government. During 2001, the Department **returned** \$7,302,135 in revenues gained from premium taxes and privilege license fees to the state's General Fund.

## Commissioner of Insurance

The Commissioner of Insurance is elected to a four-year term and may be re-elected. Miss. Code Ann., § 83-1-1 et seq. The Commissioner is charged with execution of all laws relative to insurance companies, corporations, associations and fraternal orders, their agents and adjusters. The Commissioner licenses and regulates the practices of all insurance companies, agents, burial associations, fraternal societies, bail bondsmen, and other entities engaged in the business of insurance. The Commissioner, as State Fire Marshal, acting through the State Chief Deputy Fire Marshal, investigates all fires called to his attention occurring in the state, licenses manufacturers, installers/transporters and dealers of mobile homes and regulates their practices. The Commissioner, through the State Fire Marshal Division, administers the Mississippi Fire Prevention Code. The Commissioner, through the Fire Service Development Division, establishes guidelines, use and accountability for municipal and county fire protection funds. The Commissioner administers the Liquefied Compressed Gas Equipment Law (Miss. Code Ann. § 75-57-1) and enforces the National Fire Protection Association Code, Books 54 and 58. The Commissioner encourages and supports all employees to attain and maintain professional designations in their career fields.

The Mississippi Surplus Lines Association (MSLA) is a non-profit association created to provide a stamping procedure for all eligible non-admitted/surplus lines insurance policies sold on risks to ensure the proper payment of premium taxes to the State of Mississippi. This association, under the direction of the Commissioner, has no separate regulatory powers. MSLA enables the Department to ensure that proper taxes are paid to the State of Mississippi. As a result of this law, the State receives additional taxes that were not received in previous years. Miss. Code Ann. § 83-21-17 et seq.

In addition to his regular duties, Commissioner Dale participates in the following:

- Health Insurance Management Board – Commissioner Dale serves on this board, which oversees the activities of the statewide Children's Health Insurance Program, established under Title XXI of the Social Security Act to provide child health care assistance to targeted, uninsured, low-income children. Miss. Code Ann. § 41-86-1 et seq.
- Mississippi Automobile Insurance Plan – Commissioner Dale or his designee attends meetings of the Mississippi Automobile Insurance Plan, which was created to provide automobile insurance coverage to eligible individuals who are unable to obtain such coverage through the voluntary market.  
Miss. Code Ann. § 63-15-65.

- Mississippi Comprehensive Health Insurance Risk Pool Association - Commissioner Dale appoints four members to this nine-member board, which provides a mechanism to make health and accident insurance coverage available to those citizens of Mississippi who, because of health conditions, cannot secure such coverage. Miss. Code Ann. § 83-9-211.
- Mississippi Fire Personnel Minimum Standards and Certification Board - Commissioner Dale serves as an ex-officio member of this board, and appoints fifteen members to this seventeen-member board. The Director of the State Fire Academy also serves as an ex-officio member of the board. Miss. Code Ann. § 45-11-251.
- Mississippi Fire Prevention Code Board of Adjustments and Appeals - Commissioner Dale appoints all five members to this board per the Standard Fire Prevention Code as adopted by Miss. Code Ann. § 45-11-103.
- Mississippi Insurance Guaranty Association (Property and Casualty) - Commissioner Dale approves the members of this board, which consists of not less than five nor more than nine members. The Association assists in the detection and prevention of insurer insolvencies and provides a mechanism for the payment of covered claims for insurance policies written by licensed property and casualty insurance companies to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of insurer insolvencies. Miss. Code Ann. § 83-23-101 et seq.
- Mississippi Life & Health Insurance Guaranty Association - Commissioner Dale approves the members of this board, which consists of not less than five nor more than nine members. The Association assists in the detection and prevention of insurer insolvencies and provides a mechanism for the payment of covered claims for insurance policies written by licensed life and health insurance companies to avoid excessive delay in payment and to avoid financial loss to claimants or policyholders because of insurer insolvencies. Miss. Code Ann. § 83-23-201 et seq.
- Mississippi Tort Claims Board - Commissioner Dale serves on this board, which provides coverage to governmental entities for every risk for which the board determines the respective governmental entities to be liable in the event of a claim or suit for injuries. Miss. Code Ann. § 11-46-18.
- Mississippi Rural Risk Underwriting Association - Commissioner Dale approves the plan of operation of this association, which is charged with providing essential property insurance coverage to eligible individuals who have been unable to secure such insurance through the voluntary market. Miss. Code Ann. § 83-38-1 et seq.

- Mississippi Windstorm Underwriting Association - Commissioner Dale approves the plan of operation of this board and appoints three members to the board, which coordinates the availability of wind and hail coverage in the six Mississippi Coastal counties (Hancock, Harrison, Jackson, Pearl River, Stone, and George). Additionally, a designee of the Commissioner attends each meeting of the Association. Miss. Code Ann. § 83-34-1 et seq.
- Mississippi Workers Compensation Assigned Risk Plan / Mississippi Workers Compensation Assigned Risk Pool – Commissioner Dale is responsible for administration of the Mississippi Workers Compensation Assigned Risk Plan, and its reinsurance mechanism, the Mississippi Workers Compensation Assigned Risk Pool, as stipulated in Miss. Code Ann. § 71-3-111. The Plan and Pool are organized to provide coverage to eligible employers who seek workers compensation coverage and are unable to obtain such coverage through the voluntary market.
- Rural Fire Truck Acquisition Assistance Review Committee – Commissioner Dale chairs this committee, which is responsible for reviewing all applications for compliance in regard to established guidelines for applicants to the Rural Fire Truck Acquisition Assistance Program as outlined in Miss. Code Ann. § 17-23-1.
- State Employees Health Insurance Board Advisory Council – Commissioner Dale serves on this council, which is responsible for advising the State and School Employees Health Insurance Management Board concerning the design of a state insurance plan for state employees.  
Miss. Code Ann. § 25-15-9.
- State Liquefied Compressed Gas Board – Commissioner Dale oversees this board, which is vested with the power to regulate matters pertaining to liquefied compressed gas in Mississippi. Commissioner Dale appoints seven members to this board, including one from each of Mississippi's five congressional districts, as well as two at-large members.  
Miss. Code Ann. § 75-57-1 et seq.

When George Dale was elected Commissioner of Insurance in 1975, he became the youngest Insurance Commissioner in Mississippi history. Now in his seventh term, Commissioner Dale is the longest-serving insurance commissioner in the United States. He is a native of Jefferson Davis County and a graduate of Prentiss public schools. He attended Pearl River Junior College and graduated from Mississippi College with bachelor's and master's degrees.

Commissioner Dale was a teacher, coach, and school administrator in the Moss Point public school system prior to entering state government in 1972. He is active in volunteer work for a number of charities and organizations, and serves on the Board of Trustees of Mississippi College. Commissioner Dale and his wife, the former Yvette Bosarge of Moss Point, have five children. They are members of Northside Baptist Church in Clinton where he serves as a deacon.

## Deputy Commissioner of Insurance

On March 1, 2001, Commissioner Dale appointed David Lee Harrell as Deputy Commissioner. The Deputy Commissioner is responsible for coordinating the policymaking and regulatory activities of the Department. Deputy Commissioner Harrell, who joined the Department in 1992 as a Special Assistant Attorney General, holds a B.S. degree in Criminal Justice (1988) from the University of Southern Mississippi and a J.D. degree from Mississippi College School of Law (1991).

All divisions of the Department report directly to the Deputy Commissioner. The Deputy Commissioner supervises all insurers the Commissioner has placed into rehabilitation or liquidation. The Deputy is charged with working with the Legislature on all legislative issues, included budgeting and proposed new legislation.

Pursuant to Miss. Code Ann. § 83-1-7, the Deputy Commissioner shall have the power to act as Commissioner during his absence or inability to act, and shall perform any and all duties of the Commissioner.

Deputy Commissioner Lee Harrell

## Regulatory Activities

### Legal Division

Mark Haire, Director

The Legal Division is responsible for consulting with the Commissioner and Deputy Commissioner, as well as technical and professional staff, to insure compliance with state law and Department rules and regulations. The Division also represents the Commissioner in various proceedings regarding receiverships, liquidations and insolvencies of insurance companies. The Division serves as legal counsel for the Commissioner of Insurance, the State Fire Marshal Division, the Liquefied Compressed Gas Division, and the Mississippi State Fire Academy.

The Investigative Division reports directly to the Legal Division and is responsible for reviewing alleged improper activities of agents and/or companies. The Division collects, coordinates and presents evidence to the legal staff and law enforcement agencies for use in the prosecution of criminal activities. The Division consults with staff attorneys and Special Assistant Attorneys General assigned to the Department to develop rules, regulations and guidelines to protect the consumer.

During 2001, the Legal and Investigative Division conducted over forty investigations of agents and companies. The Division also was extensively involved in market conduct examinations of several insurers that are expected to yield significant fines.

The licenses of the following insurance companies were either suspended or revoked during 2001:

- International Indemnity Company
- North American Lumber Insurance Company
- Lumber Mutual Insurance Company
- Frontier Insurance Company
- Reliance Direct Insurance Company
- Reliance Insurance Company
- Reliance National Indemnity Company
- Reliance National Insurance Company
- Reliance Surety Company
- Reliance Universal Insurance Company
- Reliant Insurance Company
- United Pacific Insurance Company
- HIH America Compensation & Liability Insurance Company
- Amwest Surety Insurance Company
- PHICO Insurance Company.
- Far West Insurance Company
- Provident Indemnity Life Insurance Company
- United Benefit Life Insurance Company

## Statutory Compliance / Life & Health Actuarial Division

The Statutory Compliance Division is responsible for review of the corporate changes of foreign insurance companies, health maintenance organizations (HMOs), societies, and associations doing business in Mississippi. The corporate changes include: name/address, agent for service of legal process, demutualizations, redomestications, assumptions and mergers. Dissemination of corporate information on insurers to the general public, attorneys and other state agencies continues daily.

Nancy Cross, Director

The Division reviews foreign insurance companies to ensure corporate compliance and reviews alien insurance companies to ensure both corporate compliance and financial solvency. Compliant companies are added to the Department's List of Eligible Non-Admitted Insurers.

The Division also is responsible for maintaining computer records pertaining to licensed insurers and eligible non-admitted insurers, and for maintaining historical data concerning all insurers who have ever been licensed by the Department. The listing of licensed companies and the Eligible Non-Admitted Insurers have long been included at the Department's website.

Domestic insurance company formations, acquisitions, dissolutions and other corporate documents are analyzed in partnership with the Legal and Examination Divisions. Recommendations for action are made to the Commissioner and Deputy Commissioner.

The Life & Health Actuarial Division is responsible for reviewing and analyzing individual/group forms and rates for life, health, and accident insurance policies in Mississippi. This ensures that such policies are readable and fair, and that premiums are calculated, in accordance with state law.

In 2001, the Department licensed two new Mississippi domestic companies. This brings to 69 the total number of Mississippi domestic insurance companies, HMOs, associations & societies (excluding burial associations). During 2001 the Life and Health Actuarial Division reviewed and processed 10,525 form filings.

## Examination Division

Tressa Walker, Director

The Examination Division is responsible for the regulation of companies subject to Mississippi insurance laws and regulations with respect to compliance and solvency issues. This is accomplished through the activities of surveillance, monitoring, analysis and examinations. These activities are performed in accordance with nationally recognized standards promulgated by the National Association of Insurance Commissioners (NAIC) and other regulatory and directly related professional organizations. Through these procedures, the Division provides technical assistance and factual information as a basis for determining the regulatory action to be taken by the Department. This Division also is responsible for maintaining the Department's accreditation status with the NAIC Financial Regulation Standards and Accreditation Program.

A goal of the Division is to successfully carry out its duties, which have been significantly broadened by the NAIC Financial Regulation Standards and Accreditation Program and by the passage of laws and regulations promoting stricter financial and non-financial regulation. During 2001, the Division's staff continued to attain and maintain professional designations in the fields of financial examination and market conduct examination.

Non-financial regulation (market conduct) is a program of surveillance to ensure fair treatment of policyholders. The market conduct activities performed include examinations, producer licensing, policy form approval, rate regulation, compliance activities, consumer education, cost containment and consumer complaint processing. These activities are evaluated as problem indicators for the protection of consumers. Financial regulation encompasses company operations directly affecting the balance sheet, whereas market conduct regulation deals with problems on a local, more geographically defined area. Difficulties found in one area may spread to other areas before they are reflected on a company's balance sheet.

## Licensing Division

The Licensing Division is responsible for licensing insurance companies, producers and business entities. The Division monitors the compliance of pre-licensing and continuing education requirements as well as other licensing laws or regulations. The Division's primary goals are to provide prompt and efficient customer service, attain uniformity with other states and comply with the requirements of the Gramm-Leach-Bliley Act.

To qualify as a licensed insurance producer, the person must first complete a pre-licensing study course relevant to the field of insurance he anticipates entering and then pass specific examinations covering those topics. An application for license must be filed with the Division, accompanied by proper payment of fees. When this process is completed and upon proof that the applicant has passed the examination, the applicant is licensed.

Bea Smith, Director

The Division reports the following accomplishments for 2001:

- The Producer Licensing Model Act was passed by the Mississippi Legislature to meet the mandated reciprocity requirements of the federal Gramm-Leach-Bliley Act.
- Developed modified producer application, business entity applications and procedures for implementation of new licensing laws.
- Participated in the NAIC Producer Database (PDB), a national repository of licensing and appointment information. This project provides daily monitoring of the licensing records of producers, business entities and companies.
- Conducted analysis of Producer Information Network (PIN), an electronic processing of appointments and terminations.
- Added producer, business entity and company forms and renewals on the Department's website, <http://www.doi.state.ms.us>.
- Licenses issued: Producer - 62,148; Business Entities - 3,280; Companies - 1,862; Company Amendments - 90
- Producer Company: Appointments issued - 235,238
- Producer Company: Appointments Cancelled - 28,873
- Producer Certifications issued - 8,200
- Continuing Education Courses evaluated - 1,210

## Property & Casualty Rating Division

Nellie Mitchell, Director

The Property and Casualty Rating Division is responsible for reviewing the rates, rules and forms for all property and casualty policies sold by licensed insurance companies in the State. Regulations for procedures to be followed by the companies are contained in Miss. Code Ann. § 83-2-1 et seq.

The Department operates under the concept that competition within the state's insurance industry results in a more competitive market for all types of insurance. In such a market, the regulator must monitor all facets of the products sold and the manner in which they are presented to the public.

The Division operates under a prior approval law, requiring that all insurance companies, rating and advisory organizations must have rates, rules and forms approved before the policy or program is sold. The law has a "deemer" provision, requiring the Division to act on all filings within 30 days of receipt.

When companies submit requests for changes in rates, rules or forms, Division personnel provide the Commissioner a summary of findings and recommend approval or disapproval. Actuarial assistance is sought on certain filings, particularly those involving changes in rates. The Division's personnel answer technical questions, and assist the public with insurance problems. Assistance is also given to the Commissioner on various calls and letters he receives.

During 2001, the entire staff of the Property and Casualty Rating Division attended training for the System for Electronic Rate and Form Filing (SERFF) under the direction of the National Association of Insurance Commissioners (NAIC). This system accelerates the rate and form filings process, allowing insurers to more quickly introduce new products to the market through cost-effective, state-of-the-art technology. Staff members attended various continuing education courses throughout the year.

## Consumer Services Division

The Consumer Services Division is responsible for mediating and resolving conflicts between the insurance industry and Mississippi residents. The Division provides information to the public, assisting consumers in all phases of their insurance business. The Division receives complaints from and interviews policyholders who feel they have not received fair consideration by insurance companies or agents, and takes corrective action against such offenders when appropriate.

The primary responsibility of the Division is to intervene and resolve disputes between insurance companies and insureds regarding claims and/or refunds. There are more than 30 lines of insurance written in Mississippi. Over 28,000 requests for assistance were made in 2001 (approximately half of which were received by telephone), representing an increase of 4,000 over the previous year. These requests for assistance resulted in excess of \$3 million to be refunded to the consumers.

This Division reviews insurance policies for residents, a service for which demand is rapidly increasing. No recommendations are made as to whether coverage is adequate or suitable; the aim is to help insureds better understand their policies. The Division's educational efforts also include presentations to various groups, including training sessions conducted for the various Area Agencies on Aging and the Mississippi Cooperative Extension Service. Finally, the Division is capable of setting up a temporary on-site claims assistance office in the aftermath of major disasters to expedite claims services.

Informational booth at consumer fair.

During 2001, the Division converted to a new National Association of Insurance Commissioners (NAIC) Complaints Database System enabling sophisticated capturing of complaint and claims data. Mississippi was among the first group of states to successfully implement this program. Significantly, the NAIC has adopted Mississippi's implementation as a model for other states to follow. The Division also implemented a program to cross-train claims representatives. The Division's staff continues to attain and maintain professional designations in their respective career fields.

Cathy Vernon, Director

## Support Activities

### Management Information Systems Division

Jerry Barnes; Director

The Management Information Systems Division is responsible for serving as a strategic planning partner and proactive participant with the other divisions of the Department, other state agencies and other state's Insurance Commissioners (through the National Association of Insurance Commissioners (NAIC)). This ensures quality and timely insurance, fire protection, and liquefied compressed gas regulation for the citizens of Mississippi. This is accomplished by continuously evaluating and using the most appropriate and cost effective technological hardware, software and processes that can be implemented. The Division continuously develops and uses its knowledge of technology in support of this mission.

The goals and objectives of the Division are to provide technological support to the Department to accomplish its goals and objectives stated in this document, particularly those relating to the NAIC's Uniform Regulation Through Technology (URTT) initiatives. These are a number of processes being undertaken by the states to comply with the Gramm-Leach-Bliley Act. This federal legislation requires the states to adopt significant changes in their state laws, regulations and practices to accomplish standardization and uniformity with their regulatory business processes.

The Division, in support of the Department and its efforts to conform and comply with the URTT, accomplished the following during 2001:

- The submission and audit checking of appropriate data to the NAIC to populate a database of all insurance licenses issued by the Department. This information is combined with similar data provided by all other fifty-four (54) insurance regulating authorities of the other states and U. S. territories. All regulators have access to this information to ensure maximum protection for the public from suspicious entities and their activities.
- The ability for insurance companies, for all lines of insurance, to submit electronically their rate and form filings. This allows significant reduction in paper and its attendant issues of tracking, filing and retrieving and replaces this manual effort with one that is managed through paperless automation, speeding the process for final disposition of the filing.

- Systems planning for automated appointments and terminations of licenses submitted by companies through the NAIC.
- Quarterly electronic submission to the NAIC of closed consumer complaints for all lines of insurance. These complaints, against producers and firms, are maintained in a national database for use in market conduct examinations to compare complaint experience versus premium volume and to compare against other insurance companies.
- Improved provision for accessing data from the NAIC databases for use in various reports for the Commissioner, i.e., Commissioners Annual Report, Market Share Reports, Assessments.
- Upgrade of Department equipment. This includes the replacement of or upgrade to seven servers, 100 desktops, 31 laptops and twelve networked printers. In addition, due to the extensive training conducted by various divisions of the Department, the Division acquired another portable projection device. Now, two divisions, such as the State Fire Marshal Division and Fire Services Development Division, can conduct training of their constituencies simultaneously in different parts of the state.
- Installation of a CISCO 525 Pix Firewall to prevent unauthorized access to the Department's network.
- Installation of a Citrix Server to allow Department staff working off-site to have appropriate access to the Department's network, software, applications and data.
- Upgrade of the Department's operating systems and primary software, upgrading and maintaining applications, and training users in appropriate and efficient operation.
- Installation of GroupWise WebAccess to allow the Department's staff to access their e-mail from any Internet connection.
- Installation of a WebShield Server to scan all incoming/outgoing e-mail for malicious viruses to prevent infection of Department computers or servers.
- Implementation of a network to allow the Department's laptop users to connect to the Department's network from anywhere in our physical areas of the Woolfolk Building.
- Establish a mobile and wireless training lab for the Department's staff.
- Utilization of the ITS-contracted MindLeaders Web-based training courses. This enables the Department's staff to maintain existing and acquire new skills.

## Administrative Services Division

The Administrative Services Division is responsible for providing support to the agency in the most professional and efficient manner possible, enabling the Department to carry out its mission at the lowest possible cost to the state's taxpayers.

The Division continues to perform in an exemplary manner developing, implementing, and enhancing administrative and budgetary support to the agency by providing a broad array of services.

The Accounting and Finance area is responsible for the financial management and record keeping of the agency, including purchasing, contract administration, inventory control, accounts payable, payroll, travel vouchers, and preparation of the agency's operating budget. This area processes, through the Agency Receipting System, 90% of the special funds obtained to maintain our annual budget.

The Human Resources area facilitates employee recruitment, staff development, staff retention, performance appraisal, employee benefits, compensation and assistance. The Department has approximately 117 employees and thirteen divisions with employees assigned all over the state. Advanced planning and budgeting contributes to more work being accomplished by dedicated employees, thereby creating more efficient operations. Devoted long-term employees and continuous training keeps the agency moving ahead professionally, maintaining productivity and will provide quality services to the people of Mississippi.

This division also performs daily office operation support. These daily functions include: centralized document processing, mail services, vehicle management, supply management, records management, receptionist services, and communications services including telephone, telefax, and photocopying.

Yvonne Shotts, Director

## Special Projects Division

Shep Montgomery, Director

The Special Projects Division is responsible for coordinating a public information program to publicize and advance Department objectives and consumer-related issues. The Division's goals include achieving full use of technology, including the Internet, to maximize the publicity of the Department's achievements and goals and to automate, as far as is practicable, all information distribution functions of all Divisions in order to increase the productivity of the Department's staff.

The Division also maintains a wide range of consumer brochures, including:

- Annuities: What You Should Know
- Automobile Insurance Consumers' Guide
- Health Insurance Shopper's Guide
- Homeowner's Insurance Consumer's Guide
- Insurance Agents Licensing Guide
- Insurance Consumer Services Guide
- Insurance Consumers' Hurricane Checklist
- Life Insurance Shopper's Guide
- MID and You: Fighting Insurance Fraud
- MID Auto/Home Rate Comparison Guide (updated annually)
- Mississippi Shoppers Guide to Medicare Supplement Insurance (updated annually)

Brochures may be obtained by contacting the Department's Consumer Services Division at 601 359 2453 or 800 562 2957 (statewide toll-free). These brochures may be accessed on the Internet (Adobe Acrobat Reader required) at <http://www.doi.state.ms.us/publist.html>. In addition to media-related projects, the Division is responsible for processing public records requests and serves as coordinator of the Department's continuing education program, through which staff review and approve continuing education manuals and courses for licensed agents.

## Other Regulatory Activities

### State Fire Marshal Division

Millard Mackey, State Chief Deputy Fire Marshal

The State Fire Marshal Division is responsible for fostering, promoting and developing ways and means of protecting life and property from fire and related perils through direct action and coordination with Mississippi fire and law enforcement services. According to Miss. Code Ann. § 45-11-1 et seq., the Commissioner of Insurance is also the State Fire Marshal and appoints the State Chief Deputy Fire Marshal. On January 1, 1991, Commissioner George Dale appointed Millard D. Mackey, CFI, as State Chief Deputy Fire Marshal.

The Division has the primary duties of investigating the origin of fires occurring within this state when requested by the Chief of the Fire Department or other local law enforcement authority. It is the duty of the State Fire Marshal to investigate any fire called to his

attention by any party in interest, whenever in his judgment, there is sufficient evidence or circumstances indicating that such fire may be of an incendiary origin.

The Division is charged with the enforcement of the Mississippi Fire Prevention Code, Miss. Code Ann. § 45-11-101 et seq., regarding the inspection of all buildings owned by the state or state agencies, places of public assembly and sprinkler systems of high-rise buildings. The Division is charged with regulating Factory-Built Homes, Miss. Code Ann. § 75-49-1 et seq., which requires licensing of dealers, manufacturers, and independent contracted installer/transporters, and serves as the State Administrative Agency (SAA) for the U.S. Department of Housing and Urban Development (HUD).

The Division investigated 765 fires in 2001.

The Division's functional areas are Fire Investigations, Fire Code Enforcement, and the regulation of Factory-Built Homes.

The activities of the Division during calendar year 2001 included the following:

**1. Fire Investigations**

<b>Total Fires Investigated</b>	<b>765</b>
(a) Incendiary	340
(b) Accidental	279
(c) Undetermined	126
Fire Death Investigations	57
Estimated Property Losses	\$ 345,972,847.00
Insurance Coverage on Buildings and Contents	\$1,565,403,795.00

**2. Mississippi Fire Prevention Code**

	<b>Total</b>
<b>Total Fire Safety Inspections</b>	<b>780</b>
(a) Correctional Facilities	334
(b) State and County Facilities	127
(c) Child Care Facilities	93
(d) Dockside Gaming Facilities	12
(e) Certificates of Occupancy Issued	2
(f) Special state and local inspections appointed	120
(g) Number of special state inspections conducted	6,800

**3. Manufactured Housing**

(a) Number of Licenses Issued	540
(b) Number of Inspections Conducted	13,293
(c) Number of Consumer Complaints Filed	224
(d) Number of manufactured housing plants inspected	4,082

The Division completed 780 inspections in 2001.

The Division provides housing and clerical support for the Fire Personnel Minimum Standards and Certification Board. The Board, created by the 1992 Legislature, establishes training standards for career firefighters. The Board consists of 17 members appointed by the Commissioner upon recommendations of state fire service organizations. There were 222 students who attended Fire Fighter I and II classes at the State Fire Academy or a Board-approved training facility during 2001, with a 94 percent passage rate. The Board issued a total of 261 certificates for all classifications of fire personnel during 2001.

## Fire Services Development Division

The Mississippi Legislature created the Fire Services Development Division in 1988 to carry out two principal functions:

- Provide accountability for \$11-12 million distributed annually to municipalities and counties for fire protection improvement. Miss. Code Ann. § 83-1-37 and 83-1-39.
- Enhance and accelerate the growth of fire protection capabilities throughout the State, particularly in rural areas. Miss. Code Ann. § 17-23-1.

Larry Barr, Director

Since 1995, the Division has administered the Rural Fire Truck Acquisition Assistance Program (RFTAAP), which provides matching fund grants up to \$50,000 for fire truck purchases in rural areas. All counties have received these grants. Over 298 fire trucks purchased have been furnished to communities with at least 1.3 million beneficiaries across the state. In 2001, the Division processed and mailed 63 RFTAAP grant checks totaling \$3.15 million.

State agencies and policy makers now have information about fire services and related public expenditures. This program established state purchase contracts that have reduced costs of fire equipment for the State's 762 fire departments. Most of the 10,000 volunteer firefighters are beneficiaries of various insurance coverage brought about through the Division's program activities.

During 2001, the Division made all required compliance documents accessible to the Department through a computer database system. The information consists of 233,000 datasets, which constitute the distribution of \$12,246,626.16 in state fire insurance rebate funds. This information will be made available via the Department's web site to each of the 82 counties, 294 municipalities, and 762 fire departments in the state.

One of the Division's main responsibilities has been collection of compliance documents from fire departments that receive funds from the state's fire insurance rebate program. Regulations require all fire departments report all incidents to which they are called and complete an annual report. Reporting technology has steadily advanced from infrared technology to the current implementation of the National Fire Incident Reporting System (NFIRS) 5.0 developed by the U.S. Fire Administration. Beginning in November 2001, the Division conducted classes to develop county NFIRS training personnel, who will train local departments in the use of the system. The data collected from the NFIRS system will enhance the decision-making capabilities of state and local governments and fire services in fiscal management, resource management, trends, and prevention.

## Liquefied Compressed Gas Division

The Liquefied Compressed Gas Division is responsible for administering and enforcing the Liquefied Compressed Gas Equipment Inspection Law of Mississippi, Miss. Code Ann. § 75-57-1 et seq. The Division enforces laws and regulations that impact liquefied compressed gas, butane, propane and anhydrous ammonia. Seven liquefied compressed gas inspectors are employed by the Division to inspect locations where liquefied compressed gas is present.

Duties of the Division include:

- Establishing and enforcing liquefied compressed gas regulations pertaining to the safe use and handling of butane, propane and anhydrous ammonia.
- Issuing permits to dealers.
- Investigating accidents, where requested, to determine the involvement of liquefied compressed gas.
- Inspecting premises that store, sell, refine, compound or blend liquefied compressed gas.
- Conducting safety training schools for liquefied compressed gas dealers and their employees.
- Testing and certifying liquefied compressed gas installers and propane delivery drivers.

Leon Boone, Director

Activities of the Division for 2001 included the following:

• Installation reports received	22,073
• Installations inspected	8,264
• Installations disapproved	384
• Schools, Churches, Public Places inspected	319
• Bulk Storage Plants inspected	285

- |   |     |
|---|-----|
| • Installer and Drivers tested & approved     | 201 |
| • Participation in Safety & Training Meetings | 262 |
| • Accidents investigated                      | 15  |

The Division also taught 315 individual safety schools and administered three Certified Employee Training Program (CETP) schools in 2001. Over 300 individuals received certifications upon completing the CETP curriculum.

The State Liquefied Compressed Gas Board was created pursuant to Miss. Code Ann. § 75-57-101, and is composed of seven members appointed by the Commissioner of Insurance. The Board is vested with the power to regulate matters pertaining to liquefied compressed gas, subject to the oversight and approval of the Commissioner. The Board is also empowered with promoting the growth and development of the propane industry in Mississippi through the Propane Education and Research program.

Miss. Code Ann. § 75-57-119.

The Division investigated fifteen liquefied compressed gas accidents in 2001.

## State Fire Academy (sub-agency)

William (Bill) Warren, Executive Director

The Mississippi State Fire Academy, created pursuant to Miss. Code Ann. § 45-11-7, is responsible for serving the Mississippi fire service community, continuously improving fire protection through the use of effective education and technology programs, including a wide range of specialized fire service courses. On February 1, 1992, Commissioner Dale appointed William (Bill) Warren as Executive Director of the State Fire Academy. Fire safety and fire investigation courses are delivered statewide. The Academy's belief is that individuals engaged in municipal, county, and industrial fire protection are essential to the successful functioning of their team.

The Academy provides technical support for fire departments and assists in providing public fire safety education training programs.

Accomplishments of the Fire Academy for FY 2001 are summarized as follows:

- Total Students: 15,721
- Total Hours: 273,757
- Total Fees: \$772,973

### Certification Division:

- Delivered courses to 1,430 students.
- Delivered courses totaling 89,005 training hours.
- Generated \$270,229 in course fees.
- Training programs reached 47.3 percent of Mississippi career fire fighters.
- Delivered 24 programs that serve as the basis for personnel promotions and career development within career fire departments.
- Delivered training programs based on National Fire Protection Association standards to career and volunteer fire fighters.
- Represented Mississippi at the International Fire Service Accreditation Congress (IFSAC).

### Industrial/Special Division:

- Delivered courses to 4,069 students.
- Trained students totaling 72,967 hours
- Generated \$412,457 of agency course fees

- Utilized approximately \$175,000 federal grant funding to provide training courses in hazardous materials and rescue disciplines.
- Created three new delivery systems to assist municipal and county governments
  - Rope Rescue Technician I Field Program
  - Confined Space Rescue Field Program
  - Hazardous Materials Technician I Field Program
- Received a 100-foot rescue training tower from Rankin County and relocated it to the Academy.
- Initiated property expansion of 40 acres for new training area development, with proposed expansion of hot drill area for industrial training and rescue facilities.
- Participated with the Mississippi Emergency Management Agency (MEMA) in the development and improvement of statewide emergency response system services.

**Extension Services Division:**

- Delivered courses to 10,222 students.
- Trained students totaling 115,785 hours.
- Generated \$90,287 of agency course fees.
- Division was responsible for the delivery of 557 courses taught in the state.
- Certified 567 volunteer fire fighters to the level of Certified Volunteer Fire Fighter.
- A new course, Airport Fire Fighter, NFPA 1003, was delivered three times with 78 students attending from across the United States. The IFSAC accredited the course.
- Aircraft Rescue & Fire Fighting (ARFF) classes have resulted in students from several states attending the Academy for annual training. States included are: Mississippi, Alabama, Arkansas, Florida, Kansas, Arizona, and Tennessee.

The Cleveland Volunteer Fire Department's 1929 American LaFrance pumper is located in the lobby of the Academy's Fire Safety and Education Building.
